"Serving Our Community • Sharing Our Time and Talents"

President's Message ~ Lois Nixon

I can't wait for those April showers to come and wash away the pine pollen. Three years ago, I gave an environmental education program on pine pollen to my grandson's class. Learned a lot—that there are male and female cones on each tree. The trees adapted to spread pollen via wind because other methods did not work for them, like insect pollinators because they did not have pretty flowers to attract the insects. I also learned that it was not a good idea to take branches into the classroom to show the male and female cones, and then tell the students not to shake the branches to release the pollen. Of course they did just that, and those of us with allergies were miserable the whole class time!

I hope that many of you will join me in working to plant the Pollinator Garden at the front entrance to the Page Walker on Saturday, April 9th, 8 to 11 am. You can come and go anytime during that 3-hour time. Maybe we should train our bees to pollinate pines and we would not have to endure the yellow haze for weeks.

Speaking of bees, I went to the Cary Farmers Market on Saturday and bought Cotton and Cantaloupe honey made right here in Wake County. Yummm. They also have

several other flavors available.

welcome
April ♥

The Market opens officially for the summer season on April 2. Check it out.

April is just full of Conservation CSP items and the busiest time for environmental educators (my past life!). So if you love being outdoors there are plenty of opportunities to attend local Earth Day events, or participate right in your own garden. Also, GFWC has an Earth Day education partner, mentioned later in this newsletter, and the town of Cary has a special Earth Day Lane exhibit near the boat house at Spring Daze at Bond Park on April 30, 9 am to 5 pm.

GFWC also has a fundraiser that we might want to consider for next year. It is called Flower Power and is all about "bloomin' bulbs"! I'll have a handout with details and gorgeous flower photos at our April meeting. Our club could take orders for flower bulbs, and get 50% of the proceeds from our sales. We could also sell to relatives in other states, and their bulbs would be mailed directly to them.

There is a Spring program containing Spring planting bulbs, with sales November 1 through May 1 and a Fall Program featuring fall planting bulbs, with sales May 1 through October 15. Spring bulbs are shipped in late April, fall bulbs are shipped in September. We could participate in either or both. If you like this idea, please contact next year's Fund Raising Chair (3rd Vice-President) who will be elected at our April meeting.

Yes, our election of officers will be held at our April meeting, as will your vote on Bylaws revisions. A final version of the proposed Bylaws amendments that was approved by the Board will be sent out in a separate email, so that you can review them before voting.

It's a busy time—be sure to attend the Peacock themed Fashion Show on April 16. Bring lots of friends! And start planning to attend our May 12 meeting with a "History of Tea" theme, and our emeritus members and past-Presidents as special guests.

I found some sweet guests in my backyard yesterday—a bluebird pair, with two bright blue eggs in the nest so far. I'm expecting "Mom" to lay at least two more eggs (one each day) before she starts incubating them, so they will all hatch at the same time. Pierce and I will check them anxiously until they hatch in a couple of weeks! Exciting! Happy Spring! –

~ Lois Nixon, President

Grants and Community Service Project Program Report

The Committee received three community service project applications and one grant application.

The Caring Place applied for a \$1,000 grant to assist them in providing the 16-week housing support needed by each program family for rent and utilities. The Committee approved this application as did the Board and we will call for a vote at our April meeting.

Deborah Lynch, Education CSP co-chair, requested a \$250 community service project award to buy books for Kingswood Elementary school, a Title 1, in Cary. Money will augment the Education CSP budgeted amount of \$200 as well as the “coins for books.” The books that will be purchased were selected by the Media Specialist and will be stamped “donated by the Cary Women’s Club.” The Committee approved this application as did the Board and we will call for a vote at our April meeting.

Lois Nixon requested a \$225 community service project award to pay for mailing 50 lbs. of books from Wake County Library sale (donated cost \$15) to Rota

High School in the Marianas Islands, a U.S. Protectorate. Books will be distributed to prevent summer reading loss and foster a love of reading by native Chamorro high schoolers. The Committee approved this application as did the Board; vote in April.

Lois Nixon requested a \$200 community service project award to pay our share of the Pollinator Garden Partnership at Page-Walker. The garden will serve as an educational resource for citizens who want to establish a certified wildlife garden in their yards. It will provide a habitat for local pollinators; birds, bees and butterflies. This project had already been approved by the membership with an initial payment of \$80 for landscape plans. The Committee approved this application with the stipulation that the remainder of the Conservation CSP budget be used first. The Board approved this as well and we will call for a vote in April.

Full copies of the applications were emailed to you earlier. ~ **Silvia Barba**

Earth Day Is April 22

GFWC has a special Earth Day partner called the Nature Generation that teaches kids to preserve the splendor of nature....because "there is no Planet B"! This is a potential GFWC partner that our club could support

with donations, if we choose to do it. Think about it for next year. www.NatGen.org/GFWC. Or we could plan and carry out our own education program for local students in our Pollinator Garden. ~ *Lois Nixon*

WomenNC 2016 Symposium: Global-to-Local Reflections on the 60th session on the Commission on the Status of Women (CSW)

For those who missed the WomenNC dinner showcasing this year's university student Fellows who went to the United Nations in March, this is an opportunity to hear about their experience at the UN. The 2016 CSW Fellows from Duke, NC State, UNC-Chapel Hill, and Meredith learned about the UN system, the Planet 50/50 by 2030 agenda and international treaty document goals. Connect to the Fellows' observations by reading their blogs here.

They will give a free public presentation, and refreshments will be served:

♦ **Thursday, April 7** ♦ 7 - 8:30pm ♦ Freeman Center for Jewish Life at Duke University ♦
♦ 1415 Faber St. Durham ♦

If you would like to go, contact Lois Nixon and we will arrange a carpool.

Membership Counts!

Please remember our goal is to **Double Our Membership**. To accomplish that, every member would need to invite one guest (potential member) during the year. I have found that the greatest source of new members in our Club comes from the women who we, as members, already know. The more

members we have, the more the Club can achieve. Take out your homeowner's association list, church directory, lists of members of other clubs you are in, and any source you can think of. Write down the name, address and other contact info of a few women whom you would like to see in the CWC.

Bring the information to me at each meeting or email it to me. I will reach out to each one with information about the Club and an invitation to visit. Everyone needs to help grow the membership!
